Chain grip - For 12 mm chain - Length: 125 mm

Part #2996

Description

For 12 mm chain
Perfect to ensure a safe anchoring by easing the tension on the anchor chain
Protects the boat by reducing the chafe of the chain on rub rail and roller chock
Positionned between two links of the chain (single handed operation)
Optimized design to avoid accidental release of the chain
One piece with non moving parts
Forged in Duplex stainless steel grade (increased mechanical & corrosion resistance)
Made in France
Rope size: 24 mm

Applications

Mooring

Technical information

	Materials	Duplex stainless steel grade
	Length (mm)	125
	Working load (kg)	960
	Weight (g)	287
	A (mm)	24

Caption

Working load (WL) : for nautical applications

Working Load Limit (WLL): for industrial applications only.
The safety factor is 5 times the breaking load.
WLL = Breaking load / 5
